

Credit Search Information Sheet

Application for commercial credit by the Director(s), Owner(s) or Part Owner(s) of an incorporated business within the United Kingdom

YesGrowth Ltd may use credit reference (CRA) and fraud prevention (FPA) agencies to help us make decisions. How we, CRAs and FPAs will use your information is detailed below. By submitting to YesGrowth a completed due diligence questionnaire, in support of a business loan application, you are confirming your agreement to proceed and are accepting that we may each use your information in this way.

How YesGrowth will use your data

1. We will search at credit reference and fraud prevention agencies for information on all applicants. In so doing we will provide current and previous names, addresses and dates of birth, of all parties. So if you are providing information about others, on a joint application, you must be sure that you have their agreement. If you give us false or inaccurate information and we identify fraud, details may be passed to credit reference and fraud prevention agencies
2. We will use the information provided to us by credit reference and fraud prevention agencies to help make credit or credit related decisions about all applicants, to verify their identity, for the prevention and detection of fraud and/or money laundering, and to manage accounts. We may use scoring methods, which may be automated, to do this. If you borrow from us and do not make payments that you owe us, we will trace your whereabouts and recover debts
3. When credit reference agencies receive a search from us they will place a search “footprint” on your credit file whether or not this application proceeds. If the search was for a credit application the record of that search (but not the name of the organisation that carried it out) may be seen by other organisations when you apply for credit in the future
4. Credit reference agencies will supply to us, public information such as County Court Judgments (CCJs) and bankruptcies, electoral register information and fraud prevention information on applicants’ and their known financial associates current and previous names, addresses and dates of birth
